

Final Report

Loose Change Dance Collective received a \$750 grant in 2014 to assist our Union College performance on November 15. This grant was invaluable to us, allowing us to costume Her Life Waltz, a piece for 9 dancers, where there was a need to purchase well-made leotards, fabric, patterns, trim for skirts to be made. As well as helping with costuming, it enabled us to create posters, programs and hire a videographer that was able to document the event and supply us with video footage for our website and footage to submit for future proposals.

With the help from the Dance Alliance project grant and in-kind donations from Union College Dance Department, Skidmore College Dance Department, National Museum of Dance School of the Arts, Stars of Dance and Creative Dance Arts we were able to present a professional quality show to a full house.

We sincerely thank you Dance Alliance. We could not have accomplished so much without you.

Sincerely,

Laurie Zabele Cawley

Artistic Director
